

Pupil Premium 2018 - 2019

At Baston CE Primary School we know our children well. We track their academic progress carefully and accurately identify areas where each child may need further support to do well across the curriculum. We also focus on the 'whole child' and consider different aspects of support we can give, whether this is academic, emotional, sensory, spiritual, physical or behavioural.

From here we consider a range of intervention which may include: resources, extra adult support, music lesson provision, funding for extra-curricular activities, group work, ICT provision, outdoor learning opportunities etc and we tailor specific support to meet the needs of the individual.

The Pupil Premium allocation for 2018 – 2019 is £1320 per pupil

Number of Pupils and Pupil Premium Grant Received

Total number of pupils on roll: **206**

Total number of pupils PPG received for: **31**

Amount of PPG per pupil: **£1320**

Total Amount of PPG received: **£40,920 (31 x £1320)**

Amount carried forward from 2017 - 2018: **£6118**

Total Amount of PPG: **£47,038**

Aims of spending PPG 2018 - 19	Cost	Impact (to be monitored and completed in March 2019)
HLTA teaching independent and group intervention to increase progress (academic and pastoral)	£17,258	English, maths and nurture groups have run to support children entitled to PPG who have been identified via PPMs. All children made progress from start to end of targeted intervention or the intervention was changed. Progress not always evident in formal tracking but IS evident in small step everyday learning - see PPM data, discussion notes and new intervention assessment logs. HLTA has role of PP Champion carefully monitoring individual progress of each PP child.
Forest School Provision	£9,430	Children have developed hands on skills, their ability to work with others on set tasks. There is evidence of PPG children taking on leadership roles confidently and being able to talk about learning. Forest School has enabled PPG children to access the curriculum in new and varied ways.
Music teaching across Key Stage 2 with music specialists from within the Deepings Cluster.	£5,400	The curriculum music teaching and Young Voices experience provides real-life, wider world experience for all children. This expenditure provides children with a great wealth of musical instruments to experience.
Educational day and residential visits	£2,645	Children can take part in wider curriculum experiences that they otherwise may not be able to afford. This includes class trips/residential trips and sports fixtures.
Health and Wellbeing	£5,575	TA has led nurture groups and 1:1 sessions for children needing support with emotions/bereavement/self-esteem etc. All children have made progress. Access to private Educational Psychologist for PP children. Training for counselling children suffering bereavement.
Equipment/IT / resources/uniform to support families in meeting requirements of school policies	£1,423	PP family of siblings, creation of work space in the home. Laptop purchased for two PP families to complete homework online. Books purchased for PP children to support learning in class.
Music lesson provision to enable entitled children with keen interests to explore and uncover musical talent	£2,848	See above data.
TOTAL EXPENDITURE	£44,579	Expected carry forward to 2019/20 £2,459

Summary

At Baston CE Primary School we endeavour to support ALL of our pupils regardless of his/her 'entitlement' to access additional funding. We recognise that many aspects of the above provision will have a very positive impact on the learning of others, who may not be entitled to PPG funding and therefore school budget covers any additional expenditure. The impact of this funding will be presented at the end of the academic year.
